CLUTCH SERVO

Original Manufacturer quality from WABCO

WABCO

Introduction

WABCO clutch servos

SUPERIOR CONTROL WITH LONGER LIFE

Increasing engine torque leads to higher actuation forces which impacts maintenance costs and reduces the life of clutch components.

Choose WABCO, the technology leader in clutch control products and benefit from advanced solutions. These are backed by 40 years of experience in developing and manufacturing reliable clutch control systems.

TAILORED SOLUTIONS

WABCO clutch control systems offer many different options: Clutch slave cylinder (purely hydraulic or with compressed air support) easily adapt to your requirements.

Hydraulic slave and master cylinders are used for lower force requirements. For higher force requirements, the hydraulic clutch slave cylinder is used in combination with a compressed-air assisted master cylinder.

The clutch servos are available in many variants that meet the different requirements with respect to force, stroke and interfaces.

WABCO CLUTCH CONTROL SYSTEMS OFFER FOLLOWING BENEFITS:

- Savings on installation costs due to minimal number of fixings
- No need for mechanical linkages or adjustments
- Quieter drive train due to hydraulic technology that decouples the cabin from the transmission so that they are not connected via cables or linkages
- Smoother pedal use with pneumatic assistance where needed
- Lower maintenance costs with a maintenance-free hydraulic system
- Safer and more efficient gear shifting
- WABCO has 40 years of experience in providing highly reliable and long lasting clutch control systems

Notes

This catalogue provides an overview of all clutch servos offered by WABCO for installation in a wide range of different vehicles.

It shows an extract from our product range. You will find more information about our products on the internet in our online product catalogue INFORM at wabco-auto.com

DISCLAIMER

This catalogue is directed exclusively to trained and qualified personnel in specialized workshops and dealers.

A transfer to third parties is not permitted.

WABCO assumes no responsibility for the topicality, correctness, completeness or quality of the provided information and reserves the right to make changes or implement improvements in this catalogue without notice.

If you find any errors or omissions, or would like to comment on the structure of the catalogue, please contact WABCO.

Liability claims regarding damage caused by the use of any information provided, including any kind of information which is incomplete or incorrect, will therefore be rejected, provided there was no proven wilful or gross misconduct on the part of WABCO.

This catalogue is intended for general information only. You can obtain a binding technical description through the outline drawing for the product on the internet from our online product catalogue INFORM at wabco-auto.com. Here you will also find up-to-date prices.

WABCO reserves the right to modify its product range at any time and does not assure the ability to supply each product in this catalogue. The current terms of delivery can be obtained from your WABCO contact person.

As products can look alike, the illustrations are not designed for product identification. The 10 digit WABCO product number on the type label is provided for correct identification.

PRODUCT INFORMATION

Cross reference:	Cross reference of product numbers to products from other manufacturers.
Vehicle application:	Vehicle in which the product is installed.
Repair kit:	Kit with replacement parts for repair
Hydraulic medium:	Brake fluid or mineral oil

STRUCTURE OF THE WABCO NUMBER

WABCO product numbers consist of 10 digits.

- 0 = New device (complete device)
- 1 = New device (subassembly)
- 2 = Repair kit or subassembly
- 4 = Component part
- 7 = Replacement device

Repair notes

REPAIR

Only start the repair after you have read and understood all information required for the repair.

You will find any additional documents you may need in the product catalogue INFORM at www.wabco-auto.com by entering the devices' product number or document number:

- Test instruction
- Spare Parts Sheet
- General repair and test notes (815 010 109 3)

Repairs must be made by qualified expert technicians with specific knowledge of the system.

It is imperative that the applicable accident prevention regulations of the company as well as national regulations are observed.

It is imperative that the vehicle manufacturer's specifications and instructions are complied with.

- Clean the cables and connections on the vehicle before filling.
- Only use new hydraulic fluid that has been authorised for the clutch servo (mineral oil or brake fluid). Reuse of hydraulic fluid is not permitted.
- First of all fit the linkage.
- Screw the clutch servo to its bracket. Ensure a correct seat on the clutch housing.
- Connect the pneumatic lines.
- Connect the hydraulic lines.
- Bleed the hydraulic.

ATTENTION!

Never activate the clutch servo or the clutch pedal if the clutch servo is not installed in the vehicle. Otherwise the clutch servo will be damaged.

TESTING AFTER INSTALLATION

After replacing or repairing a device, a functional test of the entire system must be performed.

Always carry out a test drive after you have completed work.

Notes

Genuine WABCO parts offer reliable protection

CHOOSE GENUINE WABCO PARTS

Genuine WABCO parts are made of high quality materials and are rigorously tested before they leave our factories. You also have the assurance that the quality of every WABCO product is reinforced by a powerful customer service network.

Because WABCO, as a tier one supplier, works with the world's leading Original Equipment Manufacturers, WABCO has the experience and scale to meet the most accurate production standards. The quality of every genuine WABCO part is supported by:

- Tooling made for serial production
- Regular sub-supplier audits
- Exhaustive end-of-line tests
- Quality standards below 50 PPM (parts per million defects)

A genuine WABCO part is as unique as your fingerprint. Accept no substitute.

WABCO REASSURANCE

The package you will get with a genuine WABCO part:

- Overnight delivery
- Technical support from WABCO
- Professional training solutions from the WABCO University
- Access to diagnostics tools and support from the WABCO Service Partner network
- Straightforward claims handling

Plus, of course, the confidence that the Original Equipment Manufacturers' rigorous quality standards are met.

Installing copy parts can cost lives – genuine WABCO parts protect your business.

WABCO Service Partners – the network you can rely on. You can access 2000 high quality workshops with more than 6000 specialist mechanics, all trained to WABCO's exacting standards and equipped with our most up-to-the-minute systems diagnostic and support technology.

Where can I obtain more information

ONLINE PRODUCT CATALOGUE INFORM

The online product catalogue INFORM provides you with convenient access to the complete technical documentation: product data sheets, outline drawings, cross references, vehicle applications, repair notes and wiring diagrams.

- Open our website wabco-auto.com
- Click the INFORM link in the "Quick Access Links" box.

TECHNICAL DOCUMENTS IN MANY DIFFERENT LANGUAGES

The technical publications describe the functions of systems and components as well as installation, retrofitting and diagnosis:

- System descriptions
- Catalogues
- Installation / Maintenance instructions
- Diagnostics documentations
- Posters

All brochures are available in PDF format from the INFORM product catalogue. Please contact your WABCO partner for printed versions.

YOUR DIRECT CONTACT TO WABCO

In addition to our online services, trained members of staff are there to help you in our WABCO Service Centres to directly answer any technical or business-related questions you may have.

Contact us if you need assistance:

- Find the right product
- Diagnostics support
- Training
- System support
- Order management

You will find your WABCO partners on the internet at wabco-auto.com. In the Quick Access Links box, click on 'Service Partner Locations' (www.wabco-auto.com/findwabco)

When purchasing a WABCO product, please make sure it has the typical WABCO product marks (particularly on packaging, labels and identification plate) as evidence that it is an original WABCO part. In case you have any doubts, please contact your WABCO sales partner.

WABCO (NYSE: WBC) is a leading global supplier of technologies and control systems for the safety and efficiency of commercial vehicles. Founded nearly 150 years ago, WABCO continues to pioneer breakthrough electronic, mechanical and mechatronic technologies for braking, stability and transmission automation systems supplied to the world's leading commercial truck, bus and trailer manufacturers. WABCO is headquartered in Brussels, Belgium. For more information, visit www.wabco-auto.com
